TEAM FRAMES

Trade & Retail

transforming environments

Welcome to the Adorn Range

A luxury range of doors, windows and glazed extensions from Team Frames Trade and Retail.

Some home improvement companies are just about making sales. At Team Frames Trade and Retail, we are different.

For over thirty years we have brought an uncompromising commitment to quality for discerning homeowners across the Southern Counties.

Dedicated, professional and vastly experienced, we can provide bespoke installations – stylish and luxurious aluminium, timber and uPVC products manufactured in the U.K, tailor made to your home.

At Team Frames Trade and Retail, there is no hard sell. We pride ourselves on our honesty, integrity and exceptional customer

service and our customers continue to recommend us.

We focus on, above all else, finding the right products for you.

No job is too modest or complex – whatever your home improvement vision, we can help make it a reality.

Why choose the Adorn Range?

Using the latest designs and technology, our products can be customised to suit your home.

Everything from the colour, size and material down to the smallest detail, leaving you with not just a home, but a statement.

*Transform your property with
our professionally installed modern
glazed extensions.*

Orangeries and Glazed Extensions

Delivering an abundance of natural light that has made conservatories popular for generations, with an interior space that feels like a natural extension of your home.

Why choose an Adorn Range Orangery?

- Gain an extra living space that's versatile lounge, games room or an adult's quiet area
- Increase the desirability and value of your property
- Available in woodgrain finish
- Ability to incorporate bi-fold, sliding or French doors

What are the benefits of glazing?

- Increases the natural light into your home, making rooms feel brighter and more spacious
- Solar reflective glass helps to maintain a pleasant temperature in warmer months
- Pilkington Activ™ self-cleaning glass takes the hassle out of cleaning those hard to reach places

Lantern Roofs

Our high-performance lantern roofs are brilliantly versatile – offering a way to revitalise existing flat roofs or the perfect finishing touch for new extensions and orangeries.

Why choose Lantern Roofs from the Adorn Range?

- Gives living spaces the wow factor
- Provides a unique view to the outdoors
- A modern twist on a classic design
- Slim sightlines and profiles meaning more sky, less roof

Conservatories

The Adorn Range offers an extensive selection of conservatories suitable for any style and age of property.

Using modern materials and techniques your conservatory will stand the test of time.

Why choose an Adorn Range Conservatory?

- Provides you with valuable living space - dining room, lounge, the choice is yours
- Edwardian and Georgian styles to blend in with period properties
- Available in a vast range of shapes and sizes

Conservatory Roof Replacement

We offer an extensive range of thermally efficient, precision-engineered replacement roofs.

They are some of the most innovative, desirable, aesthetically pleasing and advanced roof replacement systems available.

Why choose a Conservatory Roof Replacement from the Adorn Range?

- Make your existing conservatory comfortable to use all year round
- Fully or partially glazed and tiled options
- Wide choice of roofing styles to suit any taste
- Replace damaged, inefficient roofs with a guaranteed, industry leading product

*Beautifully engineered and
professionally installed by
craftsmen*

Bi-fold and Sliding Patio Doors

Stylish, innovative and functional, our bi-folds dissolve the boundary between inside and out with an opening that maximises light and space in your home.

Why choose Adorn Range Bi-fold Doors?

- Made from high-performance aluminium
- Supplied by one of the industries most respected manufacturers
- Quiet, smooth gliding action and blissfully easy to operate
- Option for manual, electric or solar blinds

Sleek, modern and incredibly sophisticated, our range of sliding doors are probably best described as, not so much a door, but a stunning glass wall.

Why choose Adorn Range Sliding Patio Doors?

- Slim sightlines, more glass - meaning more light in your home
- Strong aluminium frames can support larger double or triple glazed units
- Polyamide thermal barrier technology, exceeding all current and future building regulations
- A focal point for your home, suitable for any property

French Doors

French doors from the Adorn Range provide a timeless and elegant way to enhance any property and open it up to your garden and outside space.

Why choose French Doors from The Adorn Range?

- Bask in uncompromised natural light
- Traditional styling with modern practicality
- Robust locking system for added security

“On installation the fitters were punctual, pleasant and quick to work. The company were upfront, reasonable pricing for quality products and made us happy customers.”

Customer, Horsham in Sussex

Premium Entrance Doors

Our premium doors are the result of exceptional design, high-grade materials and quality craftsmanship - an excellent way to give your home a simple, yet effective, style upgrade.

Why choose a Premium Door from The Adorn Range?

- Crafted from a range of high grade materials
- Multi-chambered design for thermal efficiency
- Option to add sidelights for increased light in your home
- Robust and secure multipoint locking system

“Our new front door is fantastic quality and looks beautiful - really first class. I would absolutely recommend.”

Customer, Surrey

Contemporary Entrance Door

Adorn contemporary entrance doors are technologically advanced delivering robustness, security and incredible versatility. They are among the most visually striking doors available today.

Why choose Contemporary Doors from the Adorn Range?

- A blend of design and quality to bring you the finest products available
- A vast number of standard designs which are highly customisable
- Superior resistance to forced entries
- Security tested at the highly-respected Rosenheim Institute in Germany
- Upgrades available to improve security with a choice of thumb recognition, keypads or Bluetooth communication

A bright room with large windows overlooking a coastal area. A leather chair is positioned in the foreground, and a telescope on a tripod is set up near the windows. The view outside shows a mix of residential buildings and a body of water under a clear blue sky.

*Sleek, stylish and durable.
A small change that
makes a huge difference*

Aluminium Windows

Lightweight but strong, our aluminium windows are a fantastic choice for any property – with the versatility to suit older, period properties to newer, contemporary homes.

Why choose Adorn Range Aluminium Windows?

- Slim sightlines meaning more glass, less frame and increased light in your property
- Inherently strong, durable and highly resistant to corrosion
- A premium, low maintenance product built to last
- Environmentally friendly, highly sustainable and endlessly recyclable

“Excellent communication and very high standard of craftsmanship, tidiness and courtesy. Highly recommended.”

Mr M, Southern Counties

Flush Sash Windows

An expert would struggle to tell the difference between our flush sash windows and vintage timber windows.

Our range is manufactured using modern materials and techniques, that provide you with convincing heritage aesthetics .

Why choose Flush Sash Windows from The Adorn Range?

- Brings authenticity and vintage style to your property
- Ideal for older properties or replacing timber windows
- Durable and weatherproof for easy maintenance
- Can be approved for use in conservation areas

“The windows look stunning, they really freshen up our home, but critically we’ve noticed a massive thermal improvement inside our home. Team Frames Retail really have been superb.”

Mr & Mrs H, Southern Counties

uPVC Windows

The Adorn Range offers you high quality uPVC casement windows for easy opening and ventilation, vertical sliding sash windows for a traditional feel and versatile tilt and turn windows for ventilation with added security.

Why purchase uPVC Windows from the Adorn Range?

- Extensive selection of styles
- Simple to clean and maintain
- Available in woodgrain effect
- A range of furniture to compliment your windows
- Multipoint locking mechanisms deliver exceptional security
- Helps reduce heat loss, stops draughts and cold spots, therefore reducing heating bills and environmental impact

“The quality of the product and the standard of work completed is exceptional. I would highly recommend Team Frames Trade to my friends and family. Thank you!”

The Environment

At Team Frames Trade and Retail, we're serious about sustainability. That means sourcing sustainable products and materials wherever humanly possible – and it means prioritising products that deliver the very best in energy efficiency, cut heating bills and more importantly, carbon footprint.

A Green Deal approved provider

The Green Deal was set up as part of the government's Energy Saving Advice Service, designed to help homeowners make their properties as energy efficient as possible.

As a Green Deal approved installer, we've been singled out as a company dedicated to providing cost-effective, energy saving solutions for your home - doors, windows and other home improvements that deliver exceptional energy efficiency.

How can energy efficient homes save you money?

Energy efficient homes are warmer, more comfortable places to be.

That means eliminating cold spots, stopping draughts and retaining warmth, lowers heating bills.

A single-glazed semi-detached house could save up to £160* a year if all its windows were replaced with 'A'-rated double glazing.

In an age where environmental sustainability is vital, some of our products can be designed and installed so that they are Passive House compliant, with U-values of 0.7.

* Energy Saving Trust Estimate

Accreditations and Guarantees

We at Team Frames Trade Ltd had numerous, impartial external bodies inspect and rigorously review our standards, policies and working practices before accreditation was granted.

We are continually evaluated to ensure continued compliance, we never allow our standards to fall.

We have been recognised by some of the most respected third-party organisations in our industry.

We offer a 10-year guarantee on all products and workmanship.

Certified Installer Network

Certified Installer Network

We're delighted to have been accepted into the prestigious Certified Installers Network – a group set up to represent the 100 best window, door and

conservatory installation companies in the UK. When using a CIN member, you get quality products, expert installations, clear communication, conscientious professional conduct, and an insurance-backed guarantee.

British Federation Rating Council:

Providers of independently verified ratings of energy efficient windows and doors.

Glass and Glazing Federation Insurance (GGFi):

Providers of a 10-year insurance backed guarantee.

Federation of Small Businesses

Being an FSB member helps us effectively manage our business, and pass on a better standard of service to you.

Surrey Trading Standards:

Trading Standards ensures businesses like ours are fully compliant with strict local trading regulations.

Chas:

This Occupational Health and Safety accreditation means all our employees are fully trained and able to work in a safe environment.

Checkatrade:

We're proud that we've continually received very high marks for reliability, timekeeping, tidiness and workmanship on Checkatrade.

Trust Mark:

We're proud members of the Trust Mark initiative, the only government-endorsed scheme for trading standards in and around the home.

FENSA: A government-authorised Competent Persons Scheme for the replacement of windows, doors and conservatories. Choosing a FENSA-approved installer helps

you avoid rogue traders, and work with companies that are fully compliant with industry standards.
